

# Retrofitting Our Future:

Can Energy Conservation Create Good Green Jobs?

Monday, June 27th - 7pm

Hamilton Room, Central Branch – Hamilton Public Library

Please join us for this exploration of the potential contributions energy conservation through building retrofits could make to the creation of green jobs and green economic development in Hamilton. Whether you are pursuing retraining, looking for work, seeking out green investment opportunities or supportive of a greener, more sustainable future, we encourage you to join the dialogue.

Introductory remarks - **Judy Travis** - Executive Director, Hamilton Training Advisory Board.  
Judy will present relevant highlights from HTAB's recent report 'The Future of the Green Economy'.

Followed by a panel discussion with guest panellists including:

- **Brian Smith** – Chief Conservation Officer – Hamilton Utilities
- **Pete Wobschall** – Executive Director – Green Venture
- **Dave Braden** – Dave Braden Homes
- **Charles Honey** - Coordinator - Green + Renewable Energy Programs, Mohawk College
